Project / Site	Millrise Parkade - Phase 2	Location Description	Millrise Parkade - Phase 2, site gate ramp
Worker Involved (Name)	Tyler Nowak	Reported By	Priya Raman
Record Status	Closed		

Incident Description

A worker stepped onto the frost-covered plywood ramp at the site gate and slipped, catching the handrail on the way down. No contact with the deck, no injury reported. The gate was salted and a sanding bucket placed at the top of the ramp before the crew walked in.

Root Cause / Immediate Actions Taken

Frost on the ramp was not sanded at shift start.

Corrective / Preventive Actions

Salt and sanding bucket kept at the gate; the ramp condition added to the opening FLHA.

WCB Claim Required?

No - the recorded severity reports no injury, so no WCB claim is expected.
